AVAILABLE BITS

MULTI-PURPOSE

Completely all-purpose, comes standard with PC104B-PC412B Cold Planer models.

CONCRETE

Durable, blunt design fractures and breaks up concrete. Made with protective wear material to extend life in concrete removal applications.

HEAVY DUTY CONCRETE

Extremely strong with maximum carbide and wear material to ensure high performance and longer life.

HEAVY DUTY ASPHALT

Specifically for asphalt applications to pierce aged road surface and break up material.

REPLACEABLE HOLDER, PUNCH AND PULLER

Tools come with every model to easily replace bits.

SERVICE

You need maximum efficiency, minimum operating costs and every minute of production you can get. Which is why all Cat attachments and components come backed by ongoing dealer support. Rely on us for parts, maintenance and equipment advice.
