

GC35K-GC70K (STR) Series

The GC35K-GC70K Series internal combustion cushion tire lift trucks provide maximum performance in a variety of applications due to increased efficiency and operator-friendly controls.

Uncompromising Performance.

This lift truck thrives in applications where its strength can effectively be put to the test. The spacious operator compartment combined with powerful performance results in an operator who is comfortable and productive during long shifts.

Air Quality.

These rugged trucks provide excellent horsepower and torque while meeting EPA and CARB requirements for carbon monoxide (CO), hydrocarbons (HC) and nitrogen oxide (NOx) emissions.

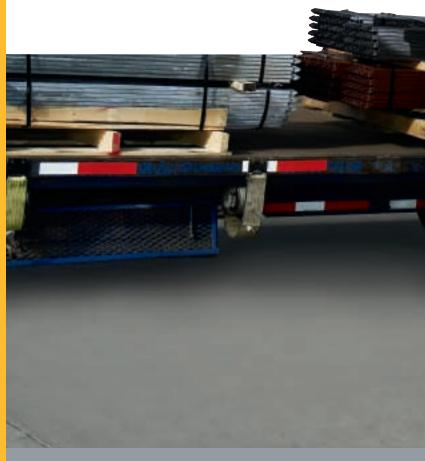

Designed For Uptime.

The standard premium LED/LCD display is designed for easy monitoring of truck functions. Extended service intervals, the advanced Engine Protection System and easy access to service components results in increased uptime for your applications.

Commanding Presence

In control and delivering results. Your Cat® lift truck will help keep the operator comfortable and productive.

Optimized Visibility

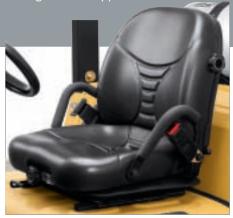

Narrow mast channels and open overhead guards help improve operator visibility to the load and surroundings. Standard LED work lights illuminate the work area while providing significant maintenance savings over traditional halogen or incandescent lights.

Increased visibility

Comfortable Seating
Operators of varying sizes can work long shifts comfortably in the standard full-suspension seat. An optional reverse drive package with swivel seat and rear grab handle with horn button is available for high chuttle applications. for high-shuttle applications.

Adjustable seating for increased comfort

Premium Display Panel
The standard premium display provides a number of productivity-enhancing tools to the operator. Features such as malfunction indicators and an engine coolant temperature gauge help ensure that the truck is running at peak performance.

Optimized display panel raises awareness

Step Up In Power

These trucks aren't built to sit on the sidelines. The GC35K-GC70K (STR) Series delivers top performance throughout the shift.

Options For Applications
Options such as the dust and foundry package, enclosed alternators, torque converter filter and specialty tires can customize the truck for your specific needs, while extending equipment service life and minimizing product damage.

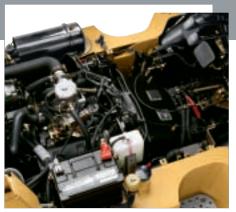

Solutions for your application

Environmentally-Friendly Engines
The 4.3LV6 engine works in the toughest
conditions, while offering excellent fuel
economy and low noise and vibration
levels.

Increased Equipment Protection The Engine Protection System (EPS) monitors the engine oil pressure, transmission temperature and coolant temperature. The lift truck will slow down or shut off if this system recognizes

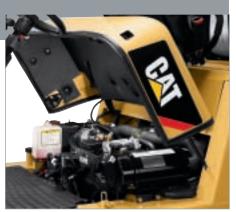

Increased fuel efficiency, low emissions

Protecting your investment

Serviceability
With 500 hour service intervals, displaybased indicators and reminders and
easy access to service components, you can count on maximizing uptime and lowering maintenance costs with

Service time is minimized

Free Loaner Service Guarantee*
If your lift truck is not repaired right the first time or within the quoted time, you will receive a free loaner truck while the repair is completed.

Guaranteed to keep you moving

Parts Fast Or Parts Free*

The Parts Fast Or Parts Free Guarantee ensures next-business-day delivery of parts for all brands of lift trucks, or they're free, including freight. If your part doesn't come in by the next business day, we pay for it.

Parts for all brands of lift trucks

Flexible Financing Options*
Financing your next Cat lift truck is easy with our wide range of flexible leasing and purchasing options. Whether you want to finance or lease, your local Cat lift truck dealer can help customize a package tailored to your specific needs.

Custom financing packages

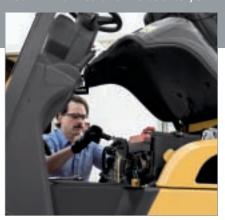

Dealers You Can Depend On With hundreds of dealer locations throughout North and South America, Cat lift truck dealers provide more than

Professionals you can depend on

Free Planned Maintenance*

Proper maintenance of your truck helps assure top performance over the long haul. That's why every new Cat lift truck gets its first planned Cat lift truck dealer at no cost to you.

Quality service at the right price

^{*} Programs may be subject to change without notice and may vary by region. Please ask your local Cat® lift truck dealer for complete terms and conditions.

NOTE: These specifications assume the use of drive axles, tires and tilt angles specified. Any modification to specifications, or any other combination of specifications made after the shipment of the truck, requires prior written approval from Mitsubishi Caterpillar Forklift America Inc. ("MCFA"). (See ANSI/ITSDF B56.1) Also be advised that overall operating visibility may be affected by the mast configuration and mast options of your truck. Therefore, you may need to add ancillary [auxiliary] devices or modify your operating practices. Consult your dealer for further information.

Safety Standards

These trucks meet American National Standards Institute/ Industrial Truck Standards Development Foundation, ANSI/ITSDF B56.1.

UL-Classified by Underwriters Laboratories, Inc., as to fire and electric shock hazard only. Types LP, LPS (optional), Industrial Trucks. Users should be aware of, and adhere to, applicable codes and regulations regarding operator training, use, operation and maintenance of powered industrial trucks, including:

- ANSI/ITSDF B56.1.
- NFPA 505, fire safety standard for powered industrial trucks type designations, areas of use, maintenance, and operation.
- Occupational Safety and Health Administration (OSHA) regulations that may apply.

Specifications, equipment, technical data, photos and illustrations based on information at time of printing and subject to change without notice. Some products may be shown with optional equipment.

Enhance Your Experience

Cat lift trucks come equipped with features and options that allow you to get the job done. The specialized GC40K-PRH-STR – GC70K-PRH-STR models are equipped with paper handling chassis and special option packages designed specifically for the paper product industry. Packaged together, these specialized chassis and options provide value, helping reduce the need for field modifications.

Paper Application Package (standard equipment) includes:

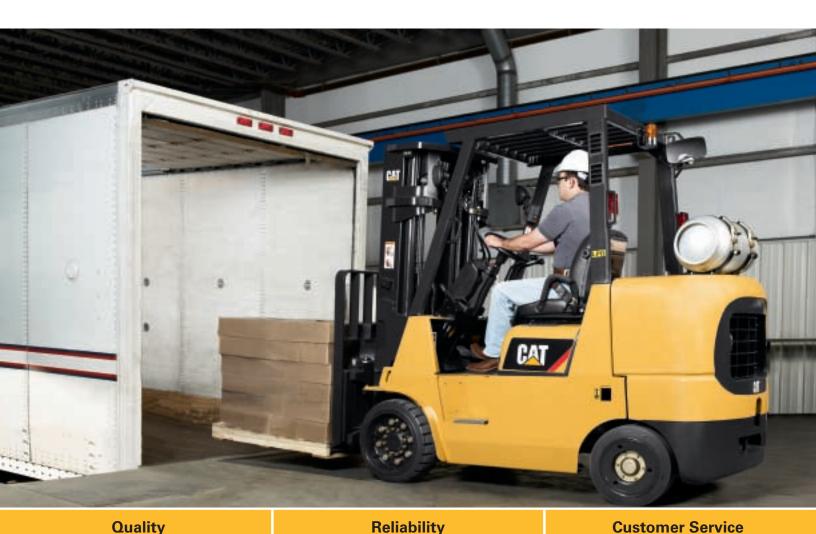

- Hydraulic accumulator
- Hydraulic flow control valve
- Inline row plate fin radiator
- Tandem transmission oil coolers
- · Louvered radiator covers
- Carriage slider blocks
- Wrapped exhaust pipes
- · Belly screen
